

Heartfelt Appreciation

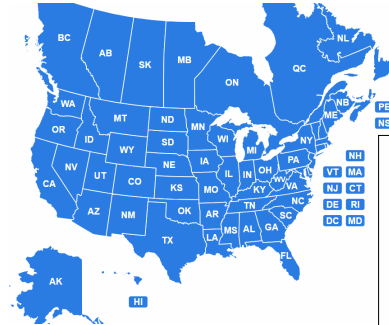

We at Spectis Moulders would like to say a big thank you for the many projects you have allowed us to be a part of this last year. With the abundance of orders received, our backlogs and lead times have been longer than normal and we have appreciated your continued patience and understanding. We know that this may have put you or your customers in tough positions at times. We have tried our very best to accommodate and will continue to do so.

Freight carrier closures and changes continue to be a challenge, but we believe we have found the best solutions to transport our products to you.

Spectis.com Website

Our website is a great place of information and support. It provides contact information for your local sales reps, CAD drawings of our products, installation information, as well as our complete catalogue. You can download smaller individual sections as well. Contact us if you cannot find what you are looking for.
